HOW IT WORKS:

We arrive and set up

We arrive in the truck and plug into a standard 10 amp socket an hour before the first food is served.

We prefer to arrive prior to the Ceremony and be in place with minimal impact to the running sheet.

DFFBBQ bring biodegradable plates, cutlery, napkins, platters and the staff to serve the food, and are happy to serve food using your plates and cutlery if you prefer. We stay for as long as needed, generally arriving at 3pm to set up and leaving around 9pm once all the food has been served.

We are always happy to work in with your times.

Mains served as a continuation of the cocktail service

Alternatively we can serve the Mains as a continuation of the cocktail service.

We serve 3-4 serves each to your guests in the form of noodle boxes with the meats, veg and salads of your choice. This has become the most popular choice in the last few years and is highly recommended when there is not seating for all the guests, when seeking a more rustic "standing with a drink" feel and when space for a buffet table is limited.

Canapes and Mains as Buffet

Canapes are served by us on platters with our staff walking around as a cocktail service.

We set up the Mains/Buffer Table with platters and bowls and your guests serve themselves with us assisting. We can provide the tables and black table cloths.

Let us know if you are providing the table and table clothes.

Individual banquets on each table can be arranged upon request, for an additional fee.

PRICES (CONT.)

BOOKINGS AND PAYMENT:

25% deposit once the booking is made.

Balance of payment, confirmation of total guest numbers and dietary requirements is required 10 days prior to the date of the event.

Final prices are inclusive of gst, staff, service, biodegradable plates, napkins and cutlery.

For Weddings 100kms from our base in Upwey (3158) a travel fee will apply.

For drops in numbers from the initial booking/deposit of more than 10% the balance price will be reduced by 10% only so please take this into consideration when estimating the guest list.

Deposits are non refundable.

Prices are representative for Summer 2019/20.

THE MENU:

Our menu is sourced from ethically responsible, local food providers.

The canapes and buffet are largely gluten free and include many vegetarian and vegan options.

We can accommodate most dietary requirements!

As our menu is broad and we can provide a full catering service we don't generally alter the menu to provide a reduced menu or contribute a course with other caterers also providing meals.

WHAT THE TRUCK NEEDS:

The Truck has on board water and only needs a 10amp standard socket to plug in. We have an on board generator should power not be available, The truck is 3.2 m high, 6 m long and 2.4 m wide.

It can generally fit in a car space and it is always a good idea to let us know if there are any overhanging tree branches, steep driveways, narrow gates and unsealed access roads. Thanks!
